August 18th, 2009 | Published in [Brunette](#), [Hot Girls](#)

Alana is a hot Mexican babe that has a great body with nice perky tits and bald pussy. She just turned 18 and was looking to make some extra money. She was talked into doing some modeling photos. She definitely does have the body and looks for that I must say.

She was right into the photo shoot. One thing lead to another and all of a sudden she had all her clothes off, with a nice large cock in her mouth. This bitch had a very talented mouth that could coax the cum from any cock. She was also fingering her tight little bald pussy getting nice and wet for some large cock. She started riding his cock with her nice tight wet pussy. She definitely knew how to ride some cock. He bent the little Mexican pussy over on the couch and pounded her wet pussy. He pulled out his large cock and blew his load all over her ass. She definitely got a bonus on her pay check today!

Nothing Like Latin Pussy for Lunch

November 7th, 2007 | Published in [Hot Girls](#)

I spotted hot Renea over at a lunch truck in the alley right next to the studio so Derek and I had to go see if we could work our magic. She was on her break but she mentioned she was getting off in a little while. Derek invited her to come by for some modeling shots for our bogus Spanish magazine just to see what might happen.

Renea didn't think she was modeling material but I had to disagree. This [Latina momma](#) had just what it took. Renea was a little hesitant about the whole thing until we mentioned the 1000 payout. Then things took a different turn. She said she would come by right after eating and sure enough, she did. Renea had some body on her and when I started peeling off her top, she knew what was up. I had her naked in a couple of seconds. When I pulled out my big hard cock, Renea went to work on it like the slut I knew she was. I couldn't wait to [fuck her shaved pussy](#) and once I slid inside her, Renea got really wild. She fucked me like crazy and begged for me to pound her with every inch of my man meat. I had her all over the bed, banging away before I creamed her mouth with a hot load. Now that's what I call lunch.

Kristina Rose's Teen Pussy is Sooo Tight

October 31st, 2007 | Published in [Hot Girls](#)

It was summer term so things were a little slow around campus but it didn't stop Jimmy and me from finding another qualified candidate for our special scholarship. We spotted this [adorable petite cutie named Kristina](#) that was taking classes because she had partied a little too much previous semesters and had some catching up to do. She was struggling financially as well and hadn't bought one book for her classes yet. I was so hoping she was going to say yes to Jimmy's offer to have sex on camera with me because Kristina was so damn cute, I couldn't keep my hands off her. Kristina was a little nervous about who was going to see the video

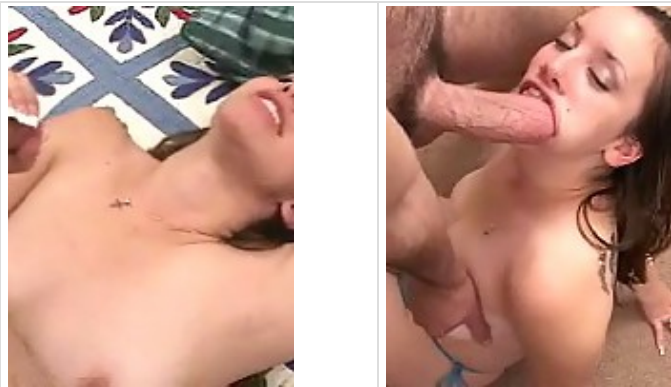

but it soon became apparent her money issues outweighed everything else so off we went. I finally got to put my hands all over Kristina's body and she had just the [best little ass](#). Her pussy was quite nice too as I fingered and licked her good before I crammed her [tight trimmed teen pussy](#) full of my hard man meat. I banged her, she fucked me and we just totally got into each other on Jimmy's sofa. I had Kristina's legs spread wide open, pounding away when I pulled out and let loose with a glob of man juice into her mouth. No matter what time of school year it is, there are always some [desperate teen coeds](#) looking for a little assistance.
